

4 Scented Christmas Decorations

Dear Customer

The stars have a porous surface so that the sprayed-on scent remains fragrant for a longer period.

Place the stars in a suitable location and spray them with a little of the aroma spray provided. You can also use other fragrances that you like. However, make sure that they are water- or alcohol-based and not oil-based. Fragrances that contain oil clog the pores of the stars and are difficult to wash off.

Keep out of reach of children!

- The stars are for decoration only and are not children's toys. Keep children away from them.
- Consult your doctor before using aromatic fragrances if you suffer from a respiratory or lung disease.
- If you do not feel well after spraying the stars, if you have a headache or a similar reaction, remove the stars immediately and ventilate the room.
- Only use the stars with water- or alcohol-soluble aromatic fragrances that are specifically recommended for indoor use.
Aromatic fragrances that are not recommended can contain toxic or other substances that are harmful to health which produce undeclared allergic reactions or pose a risk of fire.
- Do not allow the stars to fall down.
Risk of breakage.
